Missions

As follow-up of our 2020 mission trip to Pakistan we have started a campaign to raise money for setting up sewing schools, which will allow women to start their own business and thus get out of poverty. In 2021 we have been able – together with Children Asking and our Pakistan partner Mercy Angels – to start 5 Sewing schools, with 15-20 women each.

We look back on a blessed year in which we were able to inspire, motivate and activate many people to make God's kingdom visible in the world around them.

We are grateful to all partners and donors for their contribution to make this possible!
